## Junior Designer

---

### 1. About the position

We're looking for a talented and highly motivated Junior Designer to join our team.

**Creatively** and **strategically** involved from concept through to completion, you'll be an ideas-person with a talent for designing beautiful and functional websites and apps.

You'll add your experience to the design team, working collaboratively with our client services, technical and IA teams, both in-house and with our partners.

With the help of the team, the work you'll produce will wow our clients, help increase their ROI, win plaudits around the world and bag us a whole clutch of industry awards. *No pressure.*

### 2. Key responsibilities

#### You have...

- Min 1 year agency experience + related design based education
- Impressive portfolio of work showing graphic/typographic skills in digital media
- Strong in conceptualising big ideas and designing digital experiences
- Knowledge of best web practices / accessibility standards
- A good understanding of web development (e.g. know the difference between HTML5/Flash)
- Guru knowledge of Adobe Creative Suite
- UX prototyping experience (Balsamiq / Omnigraffle)

#### Soft skills...

- Excellent team player and an effective collaborator
- Keen follower of design and technology trends
- Active participant in social media (NOT just Facebook)

#### Brownie points if you have experience in...

- Cross delivery platform design experience
- UI design for iPhone/Facebook apps
- HTML/CSS/Wordpress and Drupal CMS
- Basic HTML skills
- Motion graphics /Animation 2D/3D

### 3. Package

We take good care of our staff, and salary expectations are based upon experience and are also performance related (you'll be eligible for our annual bonus scheme).

Basically you'll get paid to work in a cool place with great people and have plenty of scope to be as creative as you wish.

If this position sounds like something you think is right up your street then please send your CV and covering letter to [jobs@catchdigital.com](mailto:jobs@catchdigital.com).

### 4. What's the Catch?

Catch Digital Ltd. is a digital creative agency based in Central London. The company was incorporated in December 2006.

Our objectives are to work in conjunction with our clients to help develop their visions into reality, building commercially successful online business strategies to meet their business requirements, delivering measurable return on investment and enhancing awareness of their brand.

Our clients come from all over the UK from all sectors and, along with well-known multinationals, established corporate and government agencies, also include newly formed businesses and SMEs.

Our client list is growing constantly. Some of our key clients include Scope, Haymarket, Quintain Estates and Development, Orange, Caterham Cars and Prime Focus.
